AGENTIC INTELLIGENCE
FOR CORRECTIONS & INVESTIGATIONS

One System. Two Missions.

Inside The Facility

Every Inmate Call. Every Threat. Zero Blind Spots.

- Inmate-on-inmate threats, retaliation, and gang activity
- Suicide and self-harm risk flagged for command review
- Planned assaults against correctional staff
- Contraband coordination via drone delivery
- Corrupt or compromised staff communications
- Contraband routed through food service and delivery vendors

Outside The Facility

Turn Jail Calls Into Investigative Leads.

- Generates leads on associates, numbers, and locations
- Strengthens open cases with new evidence
- Identifies new crimes committed from inside the facility
- Supports added charges for contacting victims or witnesses
- Helps agencies increase clearance rates

Command Staff Briefings, Every Morning

Step 1

Overnight Processing

Every call from the previous day is analyzed against risk and investigative criteria.

Step 2

Morning Briefing Generated

Truleo compiles a command-ready intelligence briefing outlining facility risks overnight.

Step 3

Command Staff Acts

Leadership starts the day knowing exactly where the risk is — before roll call.

★ For The Sheriff **FREE**
